

CALL FOR PAPERS

ICECCE 2025 ISTANBUL – TURKEY

6th International Conference on Electrical, Communication and Computer Engineering

SCOPE & INTEREST

- Power Generation Systems
- Modeling and Simulation of Power Systems
- Power System Management Technologies
- Renewable Energy Systems, Technology & Management
- Applications of Power Electronics
- Electrical Machines and Adjustable Speed Drives
- High Voltage Engineering and Insulation Technology
- Artificial Intelligence
- Computer Vision Processing and Analysis
- Biomedical Signal Processing
- Trending Technologies in Signal and Image Processing
- Applied Signal and Speech Processing
- Biomedical Engineering & Systems
- Signal and Image Processing
- Neural Networks and Intelligent Systems
- VLSI and MEMS Design
- Intelligent Industrial Process Control
- Intelligent Robotics and Control
- Satellite and Wireless Communications
- Antennas and Propagation
- Optical Communications and Photonics
- Next Generation Mobile Communications
- RF and Microwave Circuits and Devices
- Wireless/Radio Access Technologies

ABOUT

The "Sixth International Conference on Electrical, Communication and Computer Engineering (ICECCE)" is set to take place on August 27-28, 2025, in a hybrid format, combining both physical and virtual participation. This prestigious event will be hosted in the vibrant city of Istanbul, Turkey, and is organized in collaboration with the IEEE Turkey Section.

During these two days, the conference will feature distinguished experts who will deliver keynote speeches, contribute valuable lectures, and present posters on topics closely aligned with the conference's themes.
